## Our Training Philosophy

Properly trained technicians are critical to the success of your business and to the optimal operation of the quality products we offer, which is why we strive to make our training as cost effective and convenient as possible.

Most of our classes are offered at no cost to you, although we do require you to register for them. We also provide training in three convenient locations.

If you're not currently on our email list and would like to receive our monthly training schedule, just email us at [sharon.mangano@airpurchases.com](mailto:sharon.mangano@airpurchases.com).

# 2023 HVAC Class Descriptions

## **Cooper & Hunter Mini Split and Multi Position Air Handler Installation Training**

*(8am-4pm, no charge to attend but you must register)*

This course familiarizes attendees with the components that start, operate and run Cooper & Hunter's mini splits and multi position air handler systems.

## **Allied Air Heat Pump and Air Conditioners Installation and Diagnostics (Armstrong Air and Ducane)**

*(8am-12pm, no charge to attend but you must register)*

Gas furnaces, air handlers, air conditioners, and heat pumps—this class covers them all. We address installation practices, required tools for service diagnostics, refrigerant charging practices, and operation sequence.

## **LYNX Installation & Troubleshooting *NEW!***

*(8am-12pm, no cost to attend but you must register.)*

Driven by proprietary QuickLink™ technology, the Ducane LYNX 18 inverter heat pump adapts to almost any existing system, offering the widest compatibility in its class. It features clean sweep defrost, Omniguard total corrosion protection, and easy access connections. Design standard for 24-volt thermostat and non-communicating equipment. Class focuses on LYNX compatibility, installation and service.

## **ESCO Institute Low GWP Refrigerant Safety Prep and Certification *NEW!***

*(8am - 4pm, \$125 fee is non-refundable. Must register by deadline to receive manual in time to review for class.)*

Morning session is a review of the key points of the manual, and a question and answer session. Afternoon session is for certification exam.

## **Don't miss out! Are you on our email list?**
